**INFORMAL COMMENT OF PRESTON PADDEN**

Pursuant to Section 1.1206 of the Commission's rules, the undersigned, on his own behalf, submits the following Informal Comments.

1. Because all auction bidding by broadcasters has concluded, the Commission should immediately end the "Quiet Period" for broadcasters.

2. Because it would harm no party, could materially expedite the post-auction transition and could give broadcasters more time to construct their new facilities, the Commission should permit 100% voluntary temporary channel sharing.

3. Because it would harm no party and could materially expedite the post-auction transition, the Commission should make available to any interested party all Commission tools and data that could help to identify stations that present a "bottleneck" to the transition.

Respectfully Yours,

/s/ Preston Padden /s/
